

PTCTC Fall Meeting Agenda

Date: Tuesday, October 6

Location: Hyatt Regency – Grand Ballroom EF

151 East Wacker Drive, Chicago, Illinois

Meeting Time: 8:00 AM–5:15 PM

Overview: The PTCTC Fall Meeting will bring together members, investigators, collaborators, and partners for a full-day program focused on pediatric transplantation and cellular therapy research, strategic priorities, trial concept proposals, and opportunities for collaboration across the consortium.

Time	Session	Presenter	Agenda Item
Registration and Opening			
7:30–8:00 AM	Breakfast and Registration	N/A	Check-in, breakfast, and networking.
8:00–8:15 AM	Welcome, Strategic Overview, and Meeting Priorities	Christine Duncan, MD	Opening remarks and overview of PTCTC priorities
Strategy Group Presentations			
8:15–8:35 AM	Cellular Therapeutics Strategy Group	Sonali Chaudhury, MD	15-minute presentation + 5-minute Q&A.
8:35–8:55 AM	Supportive Care Strategy Group	Sung Won Choi, MD	15-minute presentation + 5-minute Q&A.
8:55–9:15 AM	GVHD Strategy Group	Lev Gorfinkel, MD	15-minute presentation + 5-minute Q&A.
9:15–9:30 AM	Break	N/A	Break and networking.
9:30–9:50 AM	Survivorship and Outcomes Strategy Group	Seth Rotz, MD	15-minute presentation + 5-minute Q&A.
9:50–10:10 AM	Oncology Strategy Group	Troy Quigg, DO	15-minute presentation + 5-minute Q&A.
10:10–10:30 AM	Non-Malignant Disease Strategy Group	Monica Bhatia, MD	15-minute presentation + 5-minute Q&A.
Midday Featured Discussion			
10:30–11:00 AM	PTCTC BMT Fellowship Directors	Christine Higham, MD	Engagement, training priorities, and collaboration opportunities across PTCTC centers.

11:00–11:45 AM	Lunch / Model-Informed Drug Development in Pediatric Oncology and Transplant Trials	Janel Long-Boyle, PharmD, PhD	Featured lunch presentation on model-informed drug development and its role in pediatric oncology and transplant clinical trials.
Afternoon Strategic Sessions.			
11:45 AM–1:45 PM	Trial Concept Presentations PART 1	Kris Mahadeo, MD (Moderator)	Trial concept presentations and discussion.
1:45–1:55 PM	Break	N/A	Midpoint break between Trial concept presentations.
1:55–4:15 PM	Trial Concept Presentations PART 2	Kris Mahadeo, MD (Moderator)	Trial concept presentations and discussion.
Featured Presentations and Closing			
4:15–4:25 PM	Multicenter PTCy trial evaluating haploidentical bone marrow transplantation with post-transplant cyclophosphamide in peds AYAs with high-risk hematologic malignancies	Heather Symons, MD	Collaborative PTCTC study
4:25–4:35 PM	BMT CTN Update	Heather Stefanski, MD PhD	Update on BMT CTN priorities and opportunities for pediatric engagement.
4:35–4:40 PM	Website Updates	Niketa Shah, MD	Update on PTCTC website progress and member engagement plans.
4:40–5:10 PM	Jeff Gordon and PTCTC Awardees	Nirali Shah, MD, MHSc Shruthi Suryaprakash, MD Kinoshita, Hannah, MD	Research awardee presentations highlighting PTCTC-supported science.
5:10–5:15 PM	Wrap-Up, Decisions, and Next Steps	Christine Duncan, MD	Closing remarks and next steps.

Trial Concept Proposal Presentations, Part 1. 11:45 AM–1:45 PM

Time	Presenter(s)/ Submitter(s)	Presentation Title	Discussant(s)
11:45 AM–12:05 PM	Vanessa Fabrizio	Treosulfan Versus Busulfan Conditioning for Allogeneic Hematopoietic Cell Transplantation in Juvenile Myelomonocytic Leukemia: A Phase II Randomized Multicenter Study	Janel Long-Boyle
12:05–12:25 PM	Alexandra Dreyzin	Phase II Trial of CD33 CAR T-cells with Optimized Conditioning Regimen and Split Dosing	Maggie Lamb
12:25–12:45 PM	Rachel Granberg	Parental Donor-Recipient Sex Pairing and Pregnancy-Associated Factors in Pediatric Haplo-HCT for Acute Leukemia	Christy Duncan
12:45–1:05 PM	Jean Mulcahy-Levy	Oxaliplatin-Based Preparative Chemotherapy to Reduce Ototoxicity During Tandem Autologous Stem Cell Transplantation for Pediatric CNS Tumors	Seth Rotz
1:05–1:25 PM	Lena Winestone	BMT-RISE: A Multicenter Phase II Signal-Finding Study of a Poverty-Targeted Cash Intervention in Pediatric HCT	Nirali Shah
1:25–1:45 PM	Kirk Schultz	Decoding Chronic Graft-versus-Host Disease: Polyomic Validation of Biologic Subtypes to Guide Personalized Therapy	Carrie Kitko

Trial Concept Proposal Presentations, Part 2. 1:40–4:00 PM

Time	Presenter(s)/ Submitter(s)	Presentation Title	Discussant(s)
1:55–2:15 PM	Paige DePriest	OMISIRGE (OMIDUBICEL-ONLY) Transplantation in Immunosuppressive Therapy-Naïve Patients with Severe Aplastic Anemia	Heather Symons
2:15–2:35 PM	Nikki Agarwal	AVA-WAS: Platelet Elevation in WAS Using Avatrombopag	Monica Bhatia
2:35–2:55 PM	Nikki Agarwal	SPROUT: Study of Prospective Reproductive and Ovarian/Testicular Outcomes Following CAR-T Therapy	Rachel Phelan
2:55–3:15 PM	Irtiza Sheikh	Use of Gemcitabine, Docetaxel, Melphalan, and Carboplatin (GemDMC) as a Component of Tandem Autologous Stem Cell Transplantation for High-Risk Germ Cell Tumors	Janel Long-Boyle
3:15–3:35 PM	Mahvish Rahim	Pragmatic Evaluation of NAC for the Prevention of Transplant Associated Thrombotic Microangiopathy (PREVENT-TMA)	Seth Rotz
3:35–3:55 PM	Taymour Hammoudi	Toward Immune Competence-Guided Post-Transplant Management in Pediatric Allogeneic HCT: A PTCTC Initiative	Amy Keating
3:55–4:15 PM	Jacquelyn Hovey	Enabling GvHD Prophylaxis Using PT-Cy in HLA Mismatched Cord Blood Transplantation with Omidubicel.	Michael Verneris
